

AIZAZ IQBAL

BSCS Graduate • IT Support • Web Developer • Junior System Administrator

+92-311-2479710 | aizaziqbal11@gmail.com | github.com/aizaziqbal11-wq | aizaz-iqbal.vercel.app | Karachi, Pakistan

PROFESSIONAL SUMMARY

Recent BSCS graduate with practical experience in web development, responsive UI design, and application development. Skilled in HTML, CSS, JavaScript, PHP, Python, Flask, WordPress, and modern development tools. Built and deployed web applications, business websites, and AI-powered solutions with a focus on functionality, performance, and user experience. Seeking an opportunity to apply technical skills and continue growing as a Web Developer.

TECHNICAL SKILLS

Windows Support	Windows 10/11 Admin & Troubleshooting, Active Directory, Group Policy, Remote Desktop
Networking	TCP/IP, DNS, DHCP, VLANs, OSPF, Subnetting, LAN/WAN, Firewall & ACL Configuration
Hardware & IT Ops	Workstation Deployment, Peripheral Config (Printers/Scanners/Biometrics), IT Asset Registers
Programming & Dev	Python, Flask, PHP, HTML/CSS, JavaScript, React, REST APIs, Responsive Design
Platforms & Tools	WordPress (Elementor, WooCommerce), Firebase, Firestore, MySQL, VS Code, GitHub, Cisco Packet Tracer, MS Office, Canva
AI / Data	LLMs, NLP, Transformers, RAG Systems, Llama-3 Fine-Tuning, Sentiment Analysis, Keyword Extraction
Soft Skills	Communication, Teamwork, Problem Solving, Adaptability, IT Documentation, Vendor Coordination

PROFESSIONAL EXPERIENCE

Web Development & WordPress Intern | **Ahsan Enterprise** | Karachi *2026 (3 months)*

- Developed and customized WordPress/WooCommerce websites using Elementor for retail, food, and services clients.
- Applied HTML, CSS, and PHP modifications to meet client branding and UX requirements; deployed on live hosting environments.

Computer Operator / IT Support Assistant | **Nashmia Industries (Haji Group)** | Karachi *2026*

- Managed import/export documentation, shipment labeling, and record maintenance to ensure accurate tracking and operational efficiency.
- Provided first-level desktop support — resolved hardware, software, and peripheral issues (printers, scanners).
- Configured network settings (IP, DNS, gateway) on end-user machines to maintain LAN connectivity.
- Maintained IT asset records, incident logs, and documentation ensuring audit-ready accuracy.
- Coordinated with vendors for timely fault resolution and improved workflow efficiency.

KEY TECHNICAL PROJECTS

Smart Talk AI Chatbot — *Python · Llama-3 · QLoRA · Unsloth · Flutter · Flask · Ngrok*

- Fine-tuned Meta Llama-3 8B using QLoRA and Unsloth on a T4 GPU for professional communication coaching, achieving efficient on-device inference through 4-bit quantization.
- Exposed the fine-tuned model via a Flask REST API (Google Colab + Ngrok) and integrated it with a Flutter mobile UI featuring Speech-to-Text and real-time tone analysis.

Multi-Department Enterprise Network Design — *Cisco Packet Tracer*

- Designed a scalable enterprise network with subnetting, VLAN segmentation, OSPF dynamic routing, and firewall ACL policies; produced full IP addressing scheme and topology documentation.

AI-Based Teacher Evaluation System — *Python · NLP · spaCy · React · PostgreSQL · Docker*

- Built an end-to-end NLP pipeline performing sentiment analysis and keyword extraction on student feedback data to generate automated teacher KPI dashboards and PDF performance reports.

Law Firm Website — HTML . CSS . JavaScript . Node JS . React

- Designed and developed a full-featured legal services platform with attorney profiles, secure client portal, case management module, and online appointment booking system.

EDUCATION

BS Computer Science (GPA: 3.1)

IQRA University Main Campus, Karachi

2022 – 2026

Diploma of Associate Engineering In Mechanical Technology

Board of Technical Education, Karachi

2019 – 2021

Matriculation In Computer Science

Board of Secondary Education Karachi (BSEK)

2018 – 2019

CERTIFICATIONS

- Google IT Support Professional Certificate — Coursera (*In Progress*)
- CompTIA A+ Exam Preparation — Professor Messer (*Self-Study*)
- Web Development — Aptech Learning
- Microsoft Office (Word, Excel, PowerPoint) — Areena Multimedia
