SUMMARY

I'm a Computer Science graduate who enjoys building smart, practical software solutions. Throughout my degree, I gained hands-on experience developing mobile apps, web platforms, and AI-driven projects, with a final year focus on conversational models. I also built a strong foundation in computer networking, including routing, switching, and basic network configuration. I enjoy solving technical problems and designing efficient systems. I'm now looking for an entry-level role where I can contribute to a team and help create impactful software.

TECHNICAL SKILLS

- **Network** Configuration and Troubleshooting
- **Programming:** Python, PHP, Dart, JavaScript
- **Frameworks & Tools:** Flutter, Flask, FastAPI, Git/GitHub, Postman
- **AI / ML:** NLP, Transformers, RAG, LoRA Fine-Tuning, HuggingFace
- **Databases:** Firebase / Firestore, MySQL
- **Web:** Responsive Design

PROJECTS

- **Smart Talk AI Chatbot — Final Year Project:** Built an NLP-based chatbot using the 7Cs communication model with Flask APIs, Firebase authentication, and transformer models.
- **Medical AI Chatbot (RAG-Based):** Developed a retrieval-augmented chatbot using HuggingFace embeddings, vector search, Firestore storage, and ngrok deployment.
- **AI-Based Teacher Evaluation System:** Created an NLP-powered web app to analyze student feedback and generate unbiased teacher and course performance reports.
- **Web Development Projects:** Designed responsive portfolio sites and built PHP-based dynamic websites integrated with databases.

EDUCATION

- | | |
|--|-----------------------|
| • Bachelor of Science in Computer Science
Iqra University Main Campus, Karachi GPA 3.2 | Year 2022–2026 |
| • Diploma of Associate Engineering (Mechanical)
Board of Technical Education Karachi | Year 2019–2021 |
| • Aptech learning: 2 semesters | Year 2020–2021 |

EXPERIENCE

Freelance Web & Mobile App Developer (Remote) — 2024–2025

- Developed PHP-based web applications and Flutter mobile apps with Firebase backend integration for remote client.
- Delivered projects on schedule while adapting to changing requirements and collaborating with distributed teams.

ADDITIONAL INFORMATION

Certifications: Advanced MS Office, PHP & MySQL Development — Aptech Learning

Languages: Urdu, English
